They loved everything Kay put together! She did a splendid job for us, and we still smile at the memories of that day. It wouldn't have been nearly as memorable or well-attended without Kay's efforts in a short time frame. Her work was a tremendous blessing, and we owe her a debt of gratitude."

Kenneth Hall | Son

People at the service were so impressed. Everyone was asking, "Who did your programs?" God has truly gifted you to bless the special moments in the lives of so many people. It is such a blessing to work with you, and even more of a blessing to know you!

Antonio & Linda Settles | Pastors

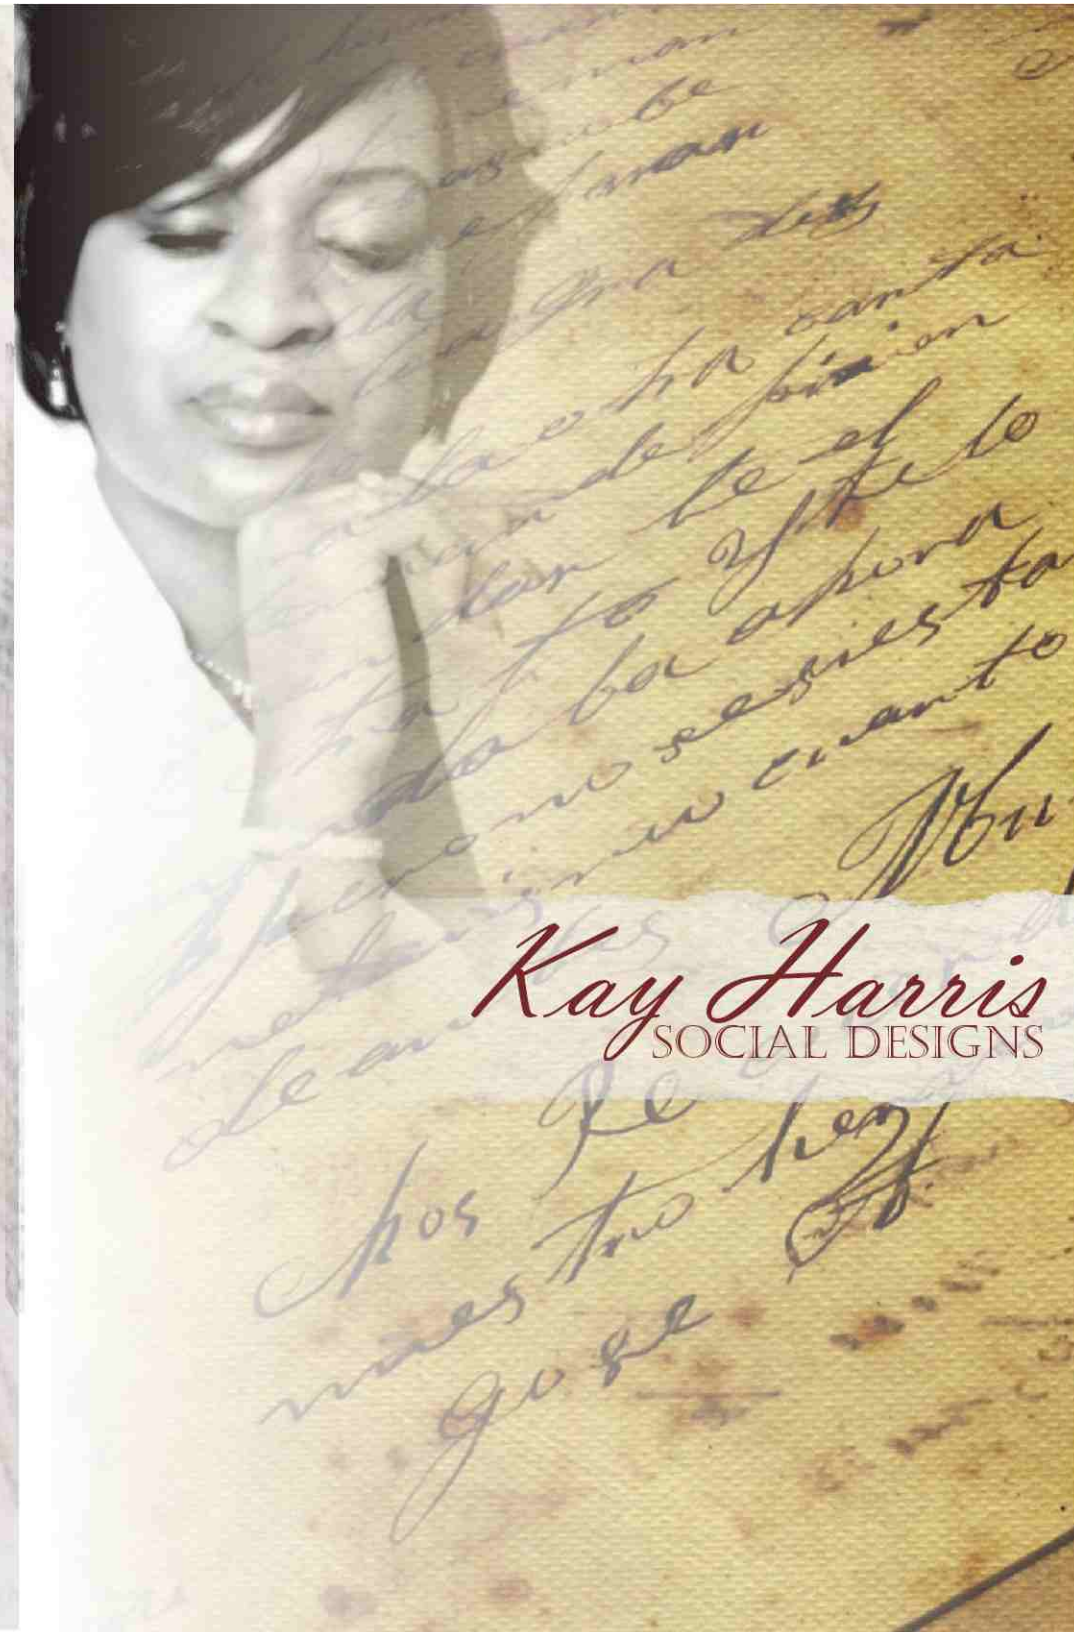

We were very pleased with the outcome and so were our family and friends. Thank you for the extra efforts and attention to detail. We do appreciate you. God Bless You !!!!
